DETAILED ACTION

1. The amendment filed March 3, 2003, has been received and entered. The text of those sections of Title 35, U.S. Code, not included in this action can be found in a prior Office action. The translation of the priority document has been received and considered.
2. Claims 15 and 16 have been cancelled.
3. Claims 8-14 and 17-20 are pending.

Claim Rejections - 35 USC § 102

4. Claims 8- 14 are rejected under 35 U.S.C. 102(b) as being anticipated by Sempere et al. (Br. J. Clin. Pharmacol. (1997), vol. 43, no. 1, pp. 85-89) for the reasons set forth in the previous Office action.

All of applicant's arguments regarding this ground of rejection have been fully considered but are not persuasive. Applicant argues that Sempere does not teach the claimed invention because the inflammatory response is caused by more factors than adhesion molecules and cytokines and because the experiments in applicant's specification show that the *Polypodium* extract reduces inflammation and inhibits the expression of adhesion molecules in a different manner than that taught by Sempere. However, this is not persuasive because Sempere clearly teaches that the *Polypodium* extract is able to reduce the expression of pro-inflammatory cytokines. This reduction in cytokine expression would inhibit the expression of adhesion molecules and would reduce the inflammatory response. Sempere might show a different mechanism for inhibition, but this does not negate the teaching of the reference because the end result of both the reference method and the claimed method are the same.

Art Unit: 1654

5. Claims 8-14 are rejection. Claims 17-20 are allowable.

THIS ACTION IS MADE FINAL. Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
